Exceptional Innovation

INFINITE. UNBOUNDED. COMMUNICATIONS.

Powerful, enterprise grade hardware.

Built-in global collaboration and mobility applications.

Complete business application and contact center suites.

Seamless multi-site networking.

Galaxy 3000G

Powerful Enterprise Solution

Large Office, Enterprise, Fully Networkable.

Enterprise grade communications for your large-sized, multi-site, or HQ office.

Galaxy 3000G is packed with all of the features and applications that you require for your large office or enterprise. The platform is perfect for offices with up to 2400 extensions and it networks seamlessly with our Medium office or SMB servers and gateways, allowing Galaxy 3000G to serve as a headquarters solution with multiple branch offices and remote workers.

Additionally the Galaxy 3000G has dual Intel Xeon Gold 5122 - 3.6G processors, Dual 1TB Raid Drives and Dual Power Supplies for redundancy and reliability.

You can choose from our Infinity 5000 line of telephones, seamlessly migrate to Galaxy 3000G from a Nortel or Panasonic solution and retain your digital and IP telephones, use standard SIP telephones, or use the InfinityOne soft client both in or out of the office.
